

Information about health screening for breast cancer

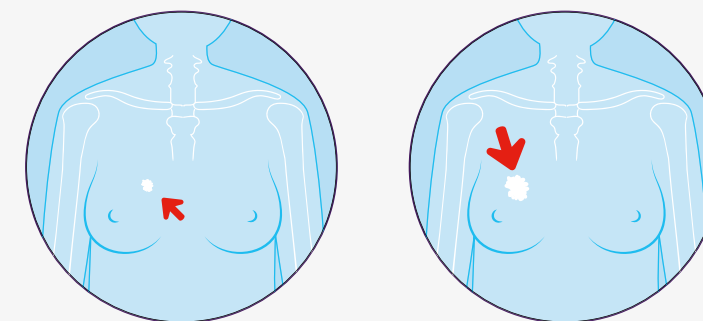

1 You will be invited to have an exam.

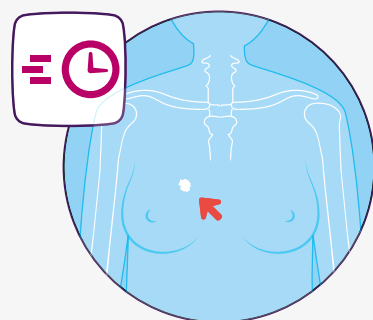

2 It is an exam to check your breast.

3 Cancer can develop in the breasts.

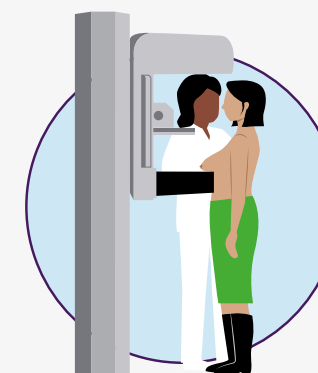

4 If you discover breast cancer early,
treatment has a better chance of succeeding.

5 You can decide if you want to take part.

6 If you take part, we will take X-rays
of your breasts.

7 The letter explains how to make an appointment
for breast cancer screening.

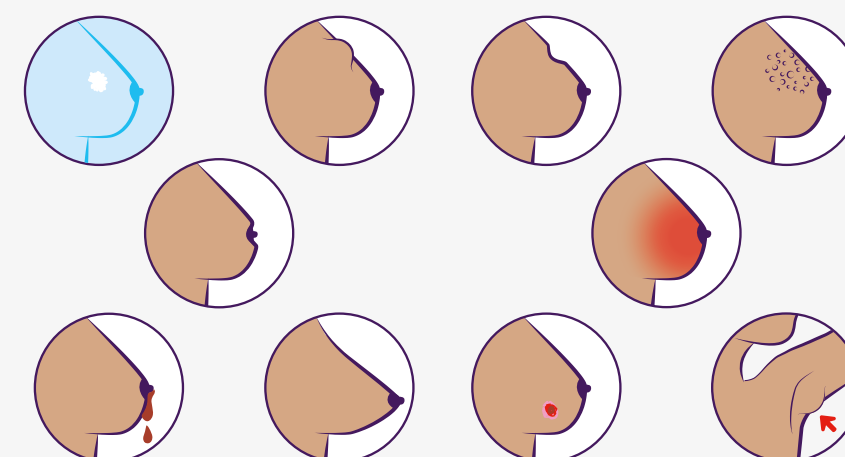

8 More information about the health screening is available
in the leaflet. The leaflet is included in the invitation.
You can also find information [online](#).

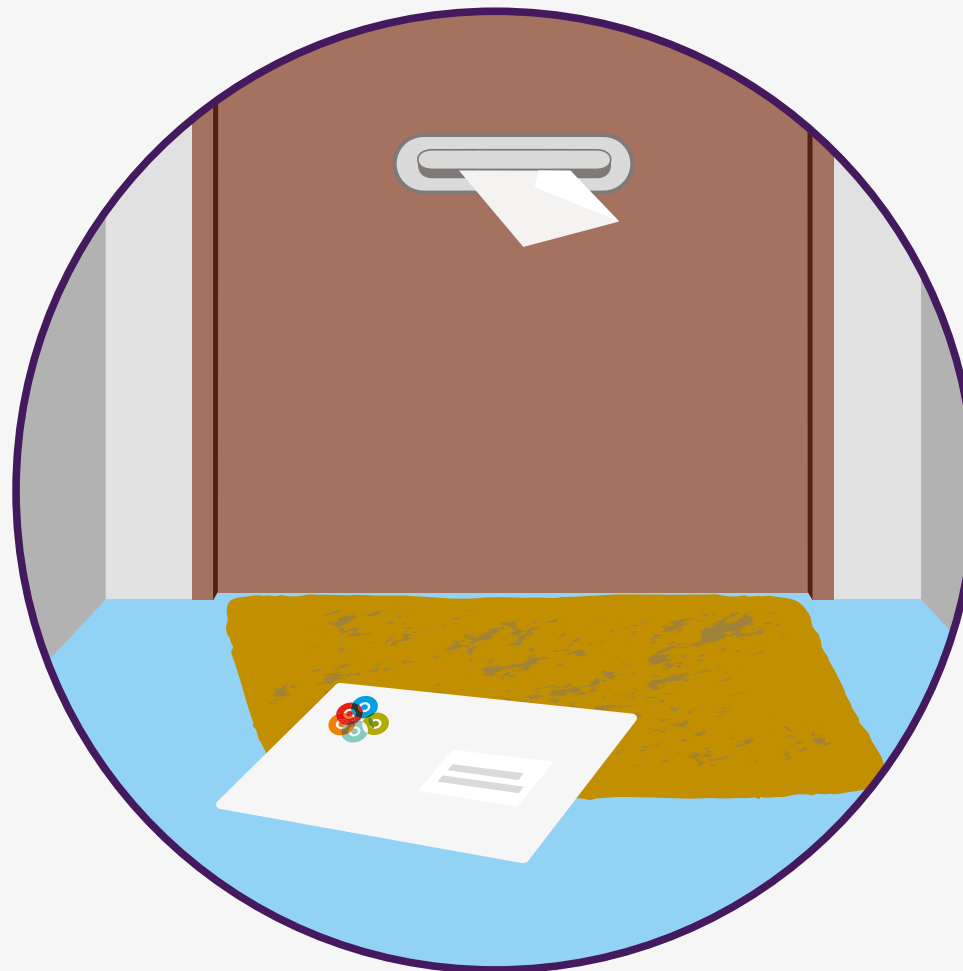

**! Symptoms in or on your
breasts or armpits?**

Do you see or feel any changes in your breasts or armpits?
Or do you have symptoms in or on your breasts?
Do not wait for the health screening: call your GP right away!
